Subject: DN 2021-168-S - Condor

To the Parties:

I was reminded this morning that the Commission still has a hearing scheduled in the above-noted Docket for September 9, 2021. I think this could be difficult for two reasons: 1) There is no pre-filed testimony; and 2) The Commission has already ordered refunds for the Caledonia and Rose Hill Subdivisions from Condor, which I believe have been accomplished. I believe there may be at least one outstanding issue with regard to the request for the Commission to approve nunc pro tunc the wholesale charges, but, there may be other issues. I would request that the parties present me with a brief written status report on this case, and, also, please let me know your positions on the scheduled hearing for September 9, 2021 as soon as possible.

Thank you for your consideration in this matter.

Regards,

David Butler

Chief Hearing Officer
